Goals:

- The **Idaho Academy of Science** was organized in 1958 to further the cause of science and science education in Idaho. Chartered activities of the Academy try :
- To stimulate scientific education and research.
- To promote collegial relationships among those engaged in scientific work
- To assist in the development and promotion of the scientific resources of the State of Idaho
- To unify the scientific interests of the State
- To publish reports of scientific studies and applications.
